Bulletin N° 07

The Stewards advise that Article 128.2) of the California 8 Hours 2018 Sporting Regulations will be considered to mean that teams with cars fitted with four or five lug hubs will be permitted to leave lug nuts in the working area when the car leaves the box. Any lug nuts in the working area must be cleared immediately after the car has left the working area.

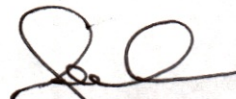

For the avoidance of doubt, ALL other equipment must be cleared before the car moves.
